

Attendance Prize Trip

Last term Year 6 Wordsworth class had the highest attendance in Key Stage 2 and chose to go to Oxygen trampoline centre. Here's what they had to say about their experience: "As we (Wordsworth) won the attendance last term, we chose to go to Oxygen Free Jumping in Acton. We enjoyed the time and appreciated that the school allowed us to go. We think that this will definitely encourage children to come to school every day. Its great having that feeling when you get to win the attendance prize and go on fun trips like we did! Going to Oxygen Free Jumping has definitely encouraged us to keep coming to school this term. So hopefully you will too, and if you win, have a great time at wherever you choose to go for your trip!"

Y6 Home Learning; Volcanoes

Y6 turned heads this morning when they brought their home learning projects to school. Following study of volcanoes, the pupils created their own models using whatever was available. This led to great imagination and creativity and some models to be proud of. Some have even tubes included and liquids to mimic eruption! Well done!

Carnival

Thanks to all who attended KSI's Brazilian afternoon last. The children loved sharing what they have been learning with parents and had a great time.

Y2 Mathemagicians

Well done to our pupils who attended the Ark KSI Maths Challenge at Globe Academy in south London last week. We didn't manage the win this time but had great fun trying.

Thames Explorer Trust

Pankhurst and Newton classes visited the Thames Explorer Trust last week as part of their study of rivers this term. They had a great time and learnt even more about the importance of rivers in our environment.

Happy half-term

The school is closed to pupils this Thursday and Friday, but the staff will be working in school tomorrow to improve what we do and will be attending the Ark Education Conference on Friday. Have a great half-term and we will see you all again when the children return on Monday 22nd February.
