

# News from the HEART of Brunel

July 2022

## Welcome

Dear Parents and carers,

What a year it has been! From trips to learning, to celebrations but the most special thing is that this year we became a Rights Respecting School. This term all the children of Brunel designed their own charter for the playground which the Rights Respecting Ambassadors chose and put together. Keep a look out for it in September! *Anaiya (Year 4, Newton)*

## Nursery

"What I made had wheels and a ladder. I like making things because it's fun and I love doing it in my class" – Jordan

## Year 1

"We learnt about the Gypsy Roma Traveller month. I drew a tree house because I love birds! I would love to live in a tree house." – Violet.

## Year 2

"I loved learning about different types of living and I liked making the print for Gypsy Roma Traveller's homes. – Lacey-May

### Year 3

"In Year 3 we designed our own cushions inspired by the colours and patterns in the original gypsy caravans"  
Ahmed

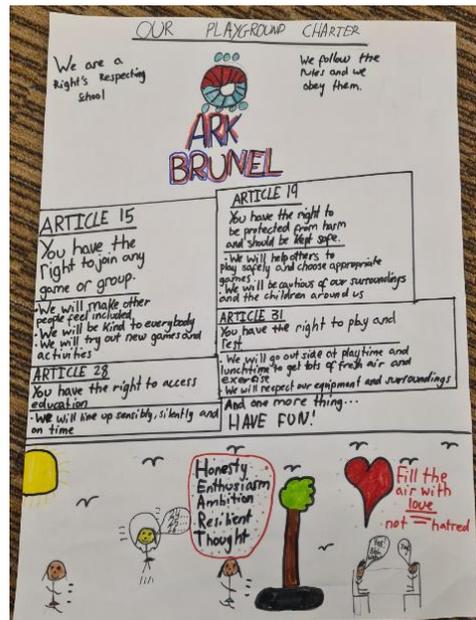

### Year 4

I think Article 24 is an important right because all children should be given the opportunity to be healthy. In Year 4 we looked at smoking and the effects that smoking has. We had a class discussion and we made posters to help people stop smoking.

### Year 5

We worked on a playground Charter as a whole school. We thought about how we can apply the rights not only in the classroom but also playtime. Respecting rights shouldn't last for a day or so, it should last forever. We should enjoy our right to play and fill the air with love, not hatred. – Joanne

### Year 6

"In Year 6 we worked on Gypsy, Roma and Traveller symbolism. We said people have the right to do what they are passionate about without judgement."  
Zamzam
