

MR POWELL

As the summer term continues at full pace, our children have been showing extra **Enthusiasm** and **Ambition** this week, particularly in Years 2, 4 and 6. Although later than normal, and not being recorded nationally in the same way, our Year 6 children have been sitting SATs papers this week to help them experience as normal a year as possible. The results will help them to realise just how much they have learned in their time here, and also help them to be ready for secondary. They still have a lot to do in their short time left with us to make sure they are as ready as they can be for their new schools, so I think we should take time to encourage them to keep up the hard work, right until the end of term.

Year 4 have also been showing their skills in maths. Again, the arithmetic tests they have been completing are not being reported nationally this year, but they are still a great way for Year 4 to show just how much they know when it comes to their arithmetic. They've worked really hard this week and we should all feel really proud of them.

Similarly, in Year 2, the children have been showing off their **Ambition** in their end of year tests and showing us how ready they are for Year 3. In fact, thinking about it, everyone in the school is working really hard to make sure that not a second of learning time is lost as we prepare all the children for what will be, hopefully, a more normal year. You as parents can help us with that by making sure your expectations for your children are as high now as they were at the beginning of the year, especially with behaviour and attendance. We've got 4 more weeks to go, and that's a lot of learning time.

Have a marvellous weekend and thanks for all of your support.

PARENT SURVEY

Thanks to parents for taking the time to complete the survey we sent out last week. We received 116 replies. We'll share the results with you as soon as we have had a chance to analyse and plan subsequent actions. Thank you again for your support.

WLZ

We are delighted to announce that we are continuing our partnership with local organisation, West London Zone, in September. The WLZ 'Link Worker', Robyn Cuffley, will be based in the school full time, and will get to know and work with 40 students and their families. Robyn will plan and organise activities for them that they will most benefit from, delivered by a range of dedicated delivery partners, as well as proving other exciting opportunities. We are really looking forward continuing to work with them!

WHOLE SCHOOL EVENTS

Like everyone else, we have been looking forward to an easing of restrictions over the last few weeks and were disappointed that the end of these restrictions is not yet here. Unfortunately, this means we are unable to go ahead in the normal way with the great summer events that we would usually look forward to. Please rest assured that we plan for the children to take part in as many events in school as possible during the last part of the summer term.

Consequently, we are unable to invite visitors to watch sports days, as we will be unable to ensure

the social distancing requirements for our spectators, however these will still take place for our children in their outdoor bubbles and we will ensure we post lots of photos of these events. We continue to ensure that we are still following our Risk Assessment and really appreciate your continued support.

Like you, we continue to look forward to a time when we can provide a full menu of events.

This week's shout outs go to:

Buss	Yusra
Carpenter	Erin
Caxton	Hassan
Darwin	Ellie, Leyla
Dickens	Rayanah, Ahmead
Faraday	The whole class
Fry	The whole class
Jenner	Illius
Johnson	Mohamed
Newton	The whole class
Pankhurst	The whole class
Seacole	Bailey-Rae
Shackleton	Asiya, Abdullah
Wilberforce	William, Shakeel
Wollstonecraft	Rashid

Class Attendance – this week	
BUSS	99.2%
CARPENTER	93.9%
CAXTON	94.4%
DARWIN	92.5%
DICKENS	83.8%
FARADAY	100%
FRY	97.6%
JENNER	92.4%
JOHNSON	95.2%
NEWTON	96.9%
PANKHURST	98.2%
SEACOLE	99.2%
SHACKLETON	97.7%
WILBERFORCE	97.8%
WOLLSTONECRAFT	98.5%

Upcoming

Thur 1st July

Pankhurst class trip to Holland Park Ecology Centre

Fri 2nd July

INSET day – school closed

Thurs 8th July

Newton class trip to Holland Park Ecology Centre
